### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Diehl on August 31, 2005. The application has been amended as follows:  
Cancel claims 1-16 and 19.

2. Claims 17-18 and 20 are allowed. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach a method comprising the steps of exercising the Kegel muscle of a female by inserting a first rounded end of a device into the female's vaginal cavity and inserting a second rounded end of the device into a female's anal cavity such that an intermediate portion of the device is bearing against the front wall and the back wall of the Kegel muscle and contracting the sphincter muscle to draw the second rounded end further into the anal cavity and thereby press the first rounded end against the pubic bone.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
